DISCLOSURE

All faculty in CME/CEU activities sponsored by the Indiana Academy of Ophthalmology, Inc. (IAO) are expected to disclose to the program audience any real or apparent conflict of interest related to the content of their presentation.

PAPER LITE

IAO is working on ways to reduce the amount of paper we use at our conferences. This is an effort both to be responsible toward our environment and to increase the quality and timeliness of the resources provided through this learning experience. However, we do know that completely reducing paper altogether can make the learning experience harder for some, which is why this conference is paper lite rather than completely paper free. Electronic program materials will replace most paper resources and for those materials we receive in advance will be accessible online before, during, and after the program on the IAO website.

PHYSICAL ASSISTANCE/DIETARY REQUIREMENTS

Those attendees who need additional assistance should contact the IAO Office at 317-577-3062 so that appropriate arrangements can be made.

PHYSICIAN COURSE DESCRIPTION

This program has been developed from physician forums, member evaluations and comments in an effort to provide the latest information to IAO members on new diagnostic and surgical procedures in ophthalmology. This meeting of lectures and question and answer sessions will provide information concerning updates in ophthalmic treatments and surgery. In addition, changes in the regulatory and economic environments will be explored. Comprehensive ophthalmologists as well as subspecialists will benefit from attendance.

COURSE OBJECTIVES

At the conclusion of this Symposium, the participants will be able to:

- Apply the latest information from clinical trials to patient care
- Knowledgeably approach the patient with both cataract and glaucoma
- Knowledgeably select the appropriate treatment according to type and severity of disease
- Diagnose and manage complications of cataract procedures
- Identify ten things ophthalmologists should know about infectious disease

QUESTIONS

For additional questions, please contact Kim Williams at the IAO office at 317-577-3062.
